

**67DWARKA INTERNATIONAL SCHOOL
SUMMER HOLIDAYS HOMEWORK (2022-23)
CLASS VIII**

“Keep the child’s brain active over break without them knowing they’re doing homework”

Dear Parents,

Not all classrooms have four walls, and learning is not confined to the school environment alone. Indeed, ever since we are born, we learn. Children, apart from learning at school, learn at home and at all places. Holidays give the children an opportunity to learn at their own and comfortable pace, with their first and most beloved teachers, their parents. In a bid to assist you in making this informal learning more organized, useful and enjoyable, we have planned a vacation homework that will engage your ward in some creative learning. The intent is to promote not only academic learning but also activities which can gradually become hobbies. Interesting assignments are given as holiday homework, to help them learn without stress. Time management skills and life skills are the indirect benefits that children gain from the holiday homework. Here are some tips to make these assignments more meaningful:-

Spend more time with your children during vacation.

- **Set aside a time in the morning hours for the homework, so that they work in an organised and disciplined manner.**
- **Holidays are the time to relax and rejuvenate, so just be there participating, guiding and helping them to enjoy their vacation to the fullest.**
- **Parents are requested to just guide the children to complete the tasks on their own.**

ENGLISH

1. Take any 10 Idioms and write its correct expression on an A4 size sheet in a horizontal way. 'Be as creative as you can'.

Example:

IDIOM: a slice of the pie
