Dear Sir/Ma'am

As we have experienced the second Pre Primary Day program for our child Aarvi Gupta at Dwarka International School, here I would like to share my experiences from this program. Firstly I would appreciate the idea to engage almost all the students some way or other, surely this engagement will bring more to them rather than sitting as spectators.

School management deserves the applause for smooth execution and rigorous participation.

"Time Management" is something I will not forget to highlight, being on time to start/finish only shows discipline and respect for others' time. The seating was well defined, the reception by the teacher was great.

I look forward to the upcoming events wishing the DIS family all the best.

Parent feedback

I am Pankaj Bhardwaj, father of Bhuvika Bhardwaj studying in Nursery Lily in your school. I would like to appreciate you for the efforts taken for the Pre-Primary day function held Today. It was really very nice. The theme selected to illustrate the significance of the upcoming festival was a good idea. It gave most of us living in the metro an insight to how the festival is celebrated in the rural areas. It also gave children an opportunity to learn more about our traditions and values.

Chitra Mam very supportive in class I would love to appreciate everyone Chairman, Principal, Teachers, Dance Team, Staff, Coordinator & Security Guards of School as well such a Good People. Many Many Thanks to making this day Awesome♥

Thank you very much once again for such a wonderful function. Looking forward to be a part of many more such wonderful celebrations.
