NEW INITIATIVES

Dear Parents

Greetings! Dwarka International School has always prided itself in being a leader in the field of education and therefore, believes in introducing new initiatives which are the need of the hour, keeping in mind the fast changing and evolving world of education.

International Desk:

Over the past few years there have been multiple queries about securing admission in prestigious universities and the scholarships that may be availed. In order to facilitate the students and parents, Dwarka International School is launching an International Desk with a competent admission abroad counsellor to assist in the process. A seminar for the same is being organized on 5th December at 1:00 p.m. for the students of classes XI & XII and another session

Career Counselling:

The students of class IX-X are at the threshold of making decisions about subjects they would select in class XI and students of XI & XII have queries regarding their college/university admissions and to assist them in their decision, we propose to introduce a scientific test that explores their interest, personality traits and aptitude. This is a three-step process – Student and Parent orientation, Psychometric Test, One to One career counselling. Detailed instructions about each step would be shared with you in due course of time.

Student Council:

To be selected for the school Prefectorial Board is a rich opportunity to participate and contribute to cooperative action which enriches the life of school community and holistic development. The leadership qualities developed in young life stays with the students throughout their lives. The form for the Junior and Senior School council for the session 2023-24 would be rolled out in a few days' time and will be followed by student council interviews. The list of posts for which the form can be filled will be displayed at the school notice board.

Scholar Badge:

It is important that merit and hard work is recognized and appreciated. Therefore, the school is launching the system of star-based scholar badges for meritorious students of classes VI – XI who score 90% and above in their annual aggregate % in their main academic subjects.

I am convinced that with your cooperation and our perseverance our students will reach the pinnacle of success and emerge as global leaders of the future ready to shoulder all responsibilities with full zeal and commitment!

Regards

Shalini Agarwal
