

DWARKA INTERNATIONAL SCHOOL

KALEIDOSCOPE (APRIL-MAY)

VISIONARY'S VISION

Dear Parents

Greetings!

“All our dreams can come true; if we have the courage to pursue them.” – Walt Disney

With the commencement of the new academic year 2023-24 the school has another dream fulfilled, a new feather in its cap, Kaleidoscope, the digital newsletter is published and will be issued every month. I thank the faculty for their meticulousness right from the conception to execution and publication of the newsletter. ‘Kaleidoscope’ will help us connect with each other and develop a sense of harmony between the school and parents.

It will further acquaint you with the affairs of the school and provide you with a deep insight into the functioning of the school.

Our first and foremost priority is our children, the students of Dwarka International School; each child of this school is precious and unique to us. Irrespective of their performance in academics or excellence in extra-curricular activities, we believe that each child deserves respect and acknowledgement for their proficiencies which should be nurtured and cultivated. Skill honing is the demand of the day and identifying the skills of the students is our forte thereby leading to conduction of multifarious activities like special assemblies, sports events, music and dance performances, art and craft work, celebration of special days, interaction with professionals in workshops and organizing trips and excursions. Each activity is planned carefully, executed accordingly, the testimony of which is echoed in Kaleidoscope.

Academics being the forefront of the school and board results being a key and significant feature, it is imperative to proclaim that the board results 2022-23 have been extremely good. I take this platform to congratulate the students as well as the teachers for their stupendous efforts.

Lastly, I reiterate Nelson Mandela, we can change the world and make it a better place; it is in our hands to make a difference.

With Warm Regards

Ms. Sangeeta Choudhary
(Vice Chairperson)

PRINCIPAL'S PEN

Dear Parents

Greetings!

‘It is the supreme art of the teacher and parents to awaken joy in creative expression and knowledge.’

Parent school connect is the golden key which unlocks the potential of the students. As we rejoice and celebrate their achievements – big or small, we create life-long treasure trove of memories to cherish and to look back over the years!

The child is the nucleus of the school and we as educators intensify the power and degree of the functioning of our young learners by giving them a platform to perform and excel.

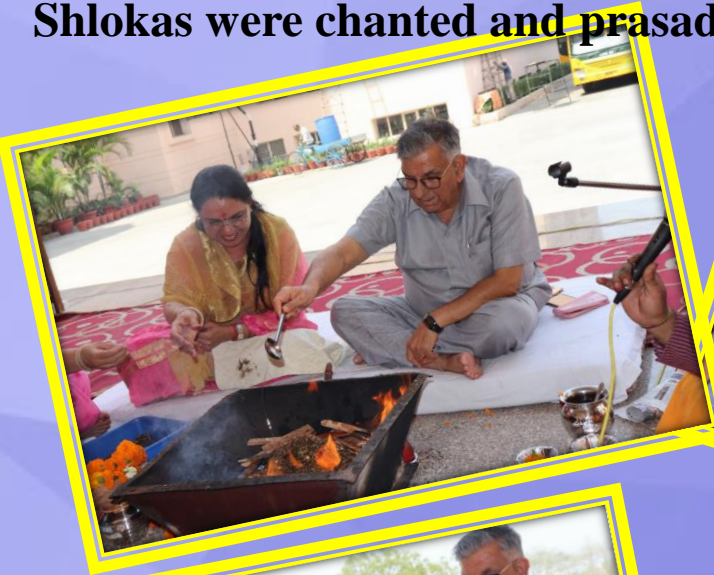

Parents similarly nurture the children with love and care and by imbibing in them values and sanskars. Therefore, a well synchronised collaboration between parents and school is the key to the success of students. Thus, I strongly advocate on a very strong parent school connect. Together, we can take our children to the pinnacle of success. In our endeavour to apprise you of the events and occurrences in the school on a regular basis, we bring to you our monthly E-Newsletter “Kaleidoscope”. The snippets will give you a summary of the activities and performances of the students. Besides, it will also strengthen the parent school partnership which is a key factor in the teaching-learning process. It is important that parents know all the wonderful things happening in school and are able to preserve the achievements of their wards. Therefore, the e-newsletter will keep you informed and updated about the growth roadmap of the school.

Furthermore, it will serve as a medium of strengthening home school bond which will foster an environment conducive to teaching and learning. In the constantly evolving world of education, there is a growing realization of the importance of extra-curricular activities and holistic development of students. Our E-Newsletter will serve not only as an instrument to record and apprise you of the happenings in school, but will also serve as a motivation to all students. All goals originate with a thought and with a dream. It is my endeavour to give a platform to all my students to dream and to have the kindling of the thoughts which will spur them on to set hitherto unthinkable goals. On the occasion of the first edition of our digital newsletter, I congratulate each one associated with the school. I express my heartfelt gratitude to the wonderful team of teachers and students who have worked hard to give shape to our first “Kaleidoscope” May we continue working together to help our children realise their dreams!

**With Warm Regards
Ms. Shalini Agarwal
(Principal)**
